

# Block Party!

"I learned how to integrate math, science, color, and number skills while using blocks. Also (helps) to keep the creative imagination!"

## what kids said:

"Waffle blocks are fun!" Age 4

"I learned to make stuff out of blocks!" Age 11

"I learned sharing and how to play with other children." Age 6

## what grown-ups said:

"With one simple toy you can integrate a multitude of learning."  
Parent of 4 and 7 year old children

"(Enjoyed seeing) My children's imaginations with new and familiar blocks." Parent of 4 and 2 year old children

## Outcomes

Caregivers  
Learned

100% learned new ways that blocks promote learning

100% enjoyed playing together and plan to use blocks to help their child learn

100% Learned how important it is to play with their child everyday

And that's  
not all

## More

90%  
received valuable  
information about  
child development
